

Praveena Reddy Katta

Passionate Homemaker,
Music and Dance Enthusiast, Explorer...

I am Praveena Reddy Katta, a highly accomplished professional with a diverse background in biochemistry and Information Technology. Armed with a Master's degree in Biochemistry, worked in a R&D Division for Hepatitis B vaccine and embarked on a remarkable journey that seamlessly merged my scientific expertise with a passion for technology and business.

In 2008, I returned to India after a decade of enriching experiences and worked in senior positions at multiple MNC's and also setup IT companies in the United States. Since then, I've embraced the roles of homemaker and entrepreneur with equal passion. As the founder of Idnor Technologies, an innovative IT company into Identity Management and ERP industry.

My family is my anchor, my husband Ram, is at the helm of a renewable energy company, contributing to a sustainable and eco-friendly future. My son, Amogh, is a recent graduate from Boston University and currently runs a Boston-based startup, showcasing his entrepreneurial spirit and academic achievements. My daughter, Anshika, is currently in the 12th grade, poised to embark on her own exciting journey of discovery and growth.

My journey is a beautiful blend of roles and passions. Beyond the domestic realm, my interests extend into the realms of music and dance, two art forms that resonate deeply with my soul. I am an avid traveller, always eager to explore new places and savour diverse cuisines. The thrill of discovering unfamiliar landscapes and the joy of tasting unique flavors add vibrant chapters to the story of my life.
