

Ram Katta's Profile

Introduction Ram Katta is a seasoned entrepreneur with a strong foundation in computer science and an MBA from the Indian School of Business. With over two decades of experience spanning the IT and renewable energy sectors, he has successfully scaled multiple businesses and navigated dynamic industry landscapes.

Professional Background After completing his undergraduate degree in Computer Science, Ram spent 13 years working in the USA, primarily in the utility sector. His entrepreneurial journey began in 2000 with the founding of S4, an IT firm, followed by the establishment of Skybridge Software Solutions in 2012. He successfully scaled both companies to multimillion-dollar enterprises.

In 2008, Ram returned to India and ventured into the renewable energy sector, founding Sangamam Power. At Sangamam Power, the focus is on hydro, wind, solar, pumped storage projects (PSP), and electric vehicles (EV). His goal is to position Sangamam Power as a market leader in the renewable energy space.

He sold and exited his IT businesses in 2020. In 2021, he re-entered the IT sector with Idnor, focusing on cloud security and data center solutions.

Skills and Expertise

- **IT and Software Development:** Extensive experience in software development, IT infrastructure, and cloud security
- **Renewable Energy:** Expertise in hydro, wind, solar, pumped storage projects (PSP), and electric vehicles (EV)
- **Entrepreneurship:** Proven track record of founding, growing, and exiting multiple businesses
- **Strategic Planning:** Skilled in developing and executing business strategies that drive growth and innovation
- **Project Management:** Adept at managing large-scale projects across diverse sectors

Personal Attributes Ram is recognized for his visionary thinking and ability to navigate complex industries. His leadership style emphasizes collaboration, innovation, and a commitment to sustainability. Known for his resilience and adaptability, he excels in dynamic and challenging environments.

Goals and Aspirations Ram's primary goal is to expand Sangamam Power and establish it as a market leader in the renewable energy industry. He aims to integrate cutting-edge technologies and advanced IT solutions to drive sustainable development and make a significant impact in the energy sector.

Personal Interests Outside of his professional endeavours, Ram is passionate about technology trends, sustainable living, and mentoring aspiring entrepreneurs. He is an avid golfer and badminton player and enjoys staying active. He is also a member of the CEO Club in India, where he engages with fellow leaders to exchange insights and drive business innovation.
